

A Typical Day at Changa

At Changa, we endeavour to provide an exclusive, tailor-made experience to suit you individually. Where possible we are happy to plan days and activities around you.

A typical day in the camp starts early to coincide with the best times to view animals. You will be awoken by the age old "knock knock" at your door, accompanied by your choice of tea and coffee.

You will then meet in the lounge area before departing for your morning activity, which could be a game drive or walk, a fishing safari or a trip to the Sanyati Gorge. Then, just before it gets too hot, we'll have you back in camp for a delicious full breakfast set up.

In between the morning and afternoon activity, you can make yourselves at home, enjoy the cool breeze in the lounge, recline by the pool, or relax on a hammock under the canopy of a shady Terminalia tree.

Lunch is served around 1pm either in the dining room or out on the deck over-looking the lake.

Re-charge with tea & coffee at 3.30pm before you venture out on your chosen afternoon activity.

Dinner is a relaxed affair set up in either the dining area, on our lovely deck or under the stars on the private beach.

This is where we talk about the excitement of the day and where people from different walks of life come together to share their experiences. For those needing a bit of time out, private dining can be organised and we love to make a fuss.

The Many Charms of Changa...

No dining experience is ever the same at Changa and sometimes you might find yourself enjoying a traditional meal set around a campfire on the sandy beach in front of the camp. Illuminated by torch flames and hurricane lamps, enjoy a feast like no other whilst watching the bright starlit sky.
